## Notice of Exemption

**To:** Riverside County Clerk  
2724 Gateway Drive  
Riverside, CA 92507

**Project Title:** Manzanita Tank Piping Replacement  
**Project Location:** 28890 Manzanita Ave  
**City:** Moreno Valley  
**County:** Riverside

**Description of Nature, Purpose, and Beneficiaries of Project:**

Eastern Municipal Water District (EMWD) owns and operates the Manzanita Tank, a 0.25 MG tank located in Moreno Valley, California, and constructed in 1953. The tank has existing inlet/outlet control and isolation valves that are located in a below grade concrete vault. Currently the inlet/outlet piping, valves, and fittings take up the majority of the space in the vault, resulting in limited workspace for routine maintenance to be performed. Due to the age of the tank, the inlet/outlet piping, valving and fittings have reached the end of their useful life and are need of replacement. The Manzanita Tank Piping Replacement Project (project) will demolish the existing below grade vault and relocate the existing inlet/outlet piping system within a security enclosure constructed above grade. The project will also improve operator safety and improve reliability of the tank.

**Public Agency Approving and Carrying Out Project:** Eastern Municipal Water District

**Exempt Status:**

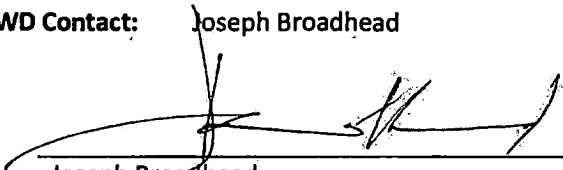

Categorical Exemption. 15301(b)

**Reasons why project is exempt:**

This class of exemption covers repair, maintenance, or minor alteration of existing public structures, facilities, or mechanical equipment, involving negligible or no expansion of existing or former use. This project includes minor alterations including the demolition of existing below grade structure, construction of a new enclosure, and relocation of piping and associated appurtenances, not resulting in the expansion of existing use.
