Notice of Intent to Adopt a Mitigated Negative Declaration Mead Valley Cajalco Sewer Project

Eastern Municipal Water District (District) proposes to implement the Mead Valley Cajalco Sewer Project (proposed Project) to install approximately 12,600 linear feet of 8-inch to 15-inch diameter polyvinyl chloride (PVC) or vitrified clay pipe (VCP) gravity trunk sewer pipeline (including 4-to-5-foot manholes), and removal of the existing Clark Street Sewer Lift Station in the Mead Valley community located within unincorporated areas of Riverside County. (See **Figure 1.**) The proposed Project would redirect the existing flows that enter the Clark Street Lift Station from the nearby area to the proposed trunk sewer to decommission the Clark Street Lift Station.

Within the Mead Valley Area, the Project alignment will be constructed entirely within Cajalco Road from Carpinus Drive to Day Street. (See **Figure 2.**)

The Proposed Project is not on a list compiled pursuant to Government Code Section 65962.5.
