Present Land Use/Zoning/General Plan Designation:
Citywide

Project Description: *(please use a separate page if necessary)*

The General Plan Update (proposed project) is a focused update to certain portions of the adopted General Plan. The General Plan is a state-required legal document that provides guidance to decision makers regarding the allocation of resources and determining the future physical form and character of development in the City and its SOI. The proposed project focuses primarily on adjustments to designations on the General Plan Land Use Map. The City is also updating its Vehicle Miles Traveled (VMT) model and is amending the Transportation Element to reflect the results of this VMT analysis.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
