Exempt Status: (check one): Ministerial (Sec. 21080(b)(1); 15268); Declared Emergency (Sec. 21080(b)(3); 15269(a)); Emergency Project (Sec. 21080(b)(4); 15269(b)(c)); Categorical Exemption. State type and section number: Statutory Exemptions. State code number:				

Reasons why project is exempt:

The activity is covered by the commonsense exemption that CEQA applies only to projects which have the potential for causing a significant effect on the environment. These changes to the scope of work are not expected to have any additional impact on the environment.

The proposed Project consists of the allocation of additional contingency funding for the execution of a final closeout change order.

RAP Staff finds that the Project was adequately assessed in the previously adopted IS/MND (SCH No. 2016031012), and that no subsequent Negative Declaration, or further addendum or other CEQA analysis is required. Staff also finds that there is no possibility that the allocation of additional contingency funding may have a significant effect on the environment.
