Present Land Use/Zoning/General Plan Designation:

Public Facility, Open Space, Recreation, Rural Residential, Residential-Single Family, Residential-Mobile Home, Hillside

Project Description: *(please use a separate page if necessary)*

The Project consists of improvements to approximately 2.4 miles of Mulholland Highway, including widening the road shoulder, realigning the roadway centerline as needed to provide wider shoulders, slope grading to prevent erosion, slope stabilization improvements, a retaining wall and intersection improvements. All improvements would be located within the public right-of-way along Mulholland Highway or within existing slope easements, except new or expanded slope easements would be required on five parcels to accommodate penetration of soil nails to be used for slope stabilization.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
