Exempt Status: *(check one)*

- Ministerial [Section 21080(b)(1); 15268]
- Declared Emergency [Section 21080(b)(3); 15269(a)]
- Emergency Project [Section 21080(b)(4); 15269(b)]
- Statutory Exemptions. State code number:
- Common Sense Exemption (This project does not fall within an exempt class, but it can be seen with certainty that there is no possibility that the activity may have a significant effect on the environment (14 CCR 15601[b][3]).
- Categorical Exemption. State type and section number: Sec. 15301, Existing Facilities
 - No exceptions apply that would bar the use of a categorical exemption (PRD 21084 and 14 CCR 15300.2).

Reasons why project is exempt: Class 1 exemptions include the permitting, leasing, and operation of public or private structures, facilities, mechanical equipment, or topographical features that involve negligible or no expansion of existing or former use. The action will not result in expansion of use, as the new FBO will replace an FBO that previously provided services at the facility. The lease area is located within a built environment, a general aviation airport, and the action has no potential to have a significant effect on the environment.
