Date Form Completed: January 24, 2024

This is to advise that the County of San Diego Board of Supervisors (County decision-making body) has approved the above-described project on January 24, 2024 (Agenda Item#2) and found the project to be exempt from the CEQA under the following criteria:

Exempt status and applicable section of the CEQA ("C") and/or State CEQA Guidelines ("G"): (check only one)

- Declared Emergency [C 21080(b)(3); G 15269(a)]
- Emergency Project [C 21080(b)(4); G 15269(b)(c)]
- Statutory Exemption. C Section:
- Categorical Exemption. G Section: 15301(c)
- G 15182 – Residential Projects Pursuant to a Specific Plan
- G 15060(c)(3) - Activity is exempt from the CEQA because it is not a project as defined in Section 15378.
- G 15060(c)(2) – The activity will not result in a direct or reasonably foreseeable indirect physical change in the environment.
- G 15061(b)(1) - Activity is exempt from the CEQA because it is not a project as defined in Section 15378.
- G 15061(b)(3) - It can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment and the activity is not subject to the CEQA.

Statement of reasons why project is exempt: Section 15301(c) of the CEQA Guidelines exempts from CEQA review the "operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use." This exemption includes the maintenance of existing highways, streets, sidewalks, gutters, bicycle, and pedestrian trails. The key consideration in determining whether this exemption applies is whether the project involves "negligible or no expansion of existing or former use." The proposed project consists of the award of numerous contracts for maintenance activities consisting of asphalt concrete road resurfacing within existing County-maintained roads. The project includes activities that are necessary to ensure existing right-of-way facilities continue to function as designed. Therefore, the project is categorically exempt in accordance with Section 15301 of the CEQA Guidelines because it involves the maintenance of existing public roads involving no or negligible expansion of existing use.

The following is to be filled in only upon formal project approval by the appropriate County of San Diego decision-making body.
