 Natural Resources Agency / Department of Conservation  
 GEOLOGIC ENERGY MANAGEMENT DIVISION

**California Environmental Quality Act  
 Notice of Exemption**

**To:** Office of Planning & Research  
 State Clearinghouse  
 1400 Tenth Street, Room 113  
 Sacramento, CA 95814

**From:** Department of Conservation  
 715 P Street, MS 1803  
 Sacramento, CA 95814  
**Contact:** CEQA@conservation.ca.gov

**Project Title:** CREH 082023-007

**Project Applicant:** California Resources Elk Hills, LLC

**Project Location:** Elk Hills Oil Field; 08/31S/24E/MD; 35.25254440, -119.42617798

**Project Description:**

The originally approved project consists of reworking an existing well by fishing an existing liner, selectively squeezing existing perforations, selectively making new perforations, and installing a new gravel liner. The well will be returned to production after being idle. Various mobile temporary equipment will be used including, but not limited to, workover rig, etc., and vehicles to transport personnel and materials to/from the site. No new permanent facilities will be constructed. There will be no new ground disturbance or expansion of existing facilities associated with this project.

CalGEM has approved permits for California Resources Elk Hills, LLC to rework the oil and gas wells listed below, in the Elk Hills oilfield.

API #	Well Name
0402951827	Unspecified 21-8G

**Exempt Status:** As the Lead Agency, CalGEM has determined that the proposed project is exempt from further environmental review requirements of the California Environmental Quality Act (CEQA), pursuant to the specified exemptions marked in the section below. CalGEM further finds that the proposed project would not result in a significant adverse impact to the environment, or that any of the exceptions to the application of the exemptions apply (14 CCR § 15300.2).

Exemption Type		Statute (PRC)	Regulation (14 CCR)
<input type="checkbox"/> <b>Statutory Exemption:</b> <input type="checkbox"/> Ongoing Project ( <i>pre-CEQA approval on April 5, 1973</i> )		21169	15261 (b)

<input type="checkbox"/>	<b>Class 2:</b> Replacement or Reconstruction		15302	
<input type="checkbox"/>	<b>Class 3:</b> New Construction/Conversion of Small Structures		15303	
<input checked="" type="checkbox"/>	<b>Class 4:</b> Minor Alterations to Land		15304	1684.2
<input type="checkbox"/>	<b>Class 7:</b> Protection of Natural Resources		15307	
<input type="checkbox"/>	<b>Class 8:</b> Protection of the Environment		15308	
<input type="checkbox"/>	<b>Class 11:</b> Accessory Structures		15311	
<input type="checkbox"/>	<b>Class 21:</b> Enforcement Actions to revoke a permit		15321	
<input type="checkbox"/>	<b>Class 30:</b> Minor Actions to Prevent, Minimize, Stabilize, Mitigate, or Eliminate a Release (Actual or Threat) of Hazardous Substances (Waste or Material)		15330	
<input type="checkbox"/>	<b>Class 33:</b> Small Habitat Restoration Projects		15333	
<input type="checkbox"/>	<b>General Exemption</b> (“common sense”)		15061 (b)(3)	
<input type="checkbox"/>	<b>Not a “Project” subject to CEQA</b>		15378 (b)(2)	

CEQA Exceptions to the Exemptions (14 CCR 15300.2): where project is located (e.g. sensitive environment); Cumulative Impact; Significant Effect due to Unusual Circumstances; Scenic Highways; Hazardous Waste Sites; Historical Resources.

**Reasons Why Project is Exempt:** The basis for CalGEM’s determination that the project is exempt from the requirements of CEQA is provided in the brief explanation below.

**Class 1 – Existing Facility:** The project is categorically exempt from CEQA under the “Class 1” (14 CCR § 15301) exemption per the CEQA Guidelines because the proposed project is a repair or minor alteration of existing facilities and will not involve an expansion of use of the oil field, and therefore is exempt from the need for full CEQA review.

The rework is anticipated to increase production from an existing production well by selectively squeezing existing perforations, selectively making new perforations, and installing a new gravel liner. The well will be returned to production after being idle. The well was originally approved for oil and gas purposes. Therefore, there is no expansion of use beyond previous approvals.

**Class 4 – Minor Alterations to Land:** The Division has determined that the project is categorically exempt from CEQA under the “Class 4” (14 CCR 15304) exemption per the CEQA Guidelines because the project involves minor alterations with negligible or no permanent effects to the condition of land, water, air, and or vegetation within a developed oil field.

No impacts to biological resources are expected. The project would not disturb any undisturbed areas and is located within existing facilities. Therefore, the project “consists of drilling operations that result in only minor alterations with negligible or no permanent effects to the existing condition of the land, water, air, and/or vegetation.” The rework would not expand the facility and is conducted in order to maintain level of service previously approved.
