Present Land Use/Zoning/General Plan Designation:

Rural Residential 2 acre minimum with density overlay (Zoning) Rural Residential 1du/acre, Rural Residential 1 du/5 acres, TBR, RCA, Riparian Zone (General Plan Land Use)

Project Description: (please use a separate page if necessary)

This application proposes to subdivide an 87.89 acre parcel into four parcels and a remainder parcel. Each of the proposed parcels meets minimum lot size requirements for this zone district and general plan densities. Water service infrastructure and roads were constructed during a prior subdivision process that was never completed. Developable areas based on soil stability have been identified during various geotechnical investigations of the parcel. A biological assessment and botanical survey were done and recommendations were made to ensure that impacts to biological resources were less than significant.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
