Present Land Use/Zoning/General Plan Designation:

Land Use: Planned Community Commercial/Business (PCCB); Zoning: East Tustin Specific Plan (SP-8) - Mixed Use (MU)

Project Description: *(please use a separate page if necessary)*

The City is proposing to designate an 18-acre portion of the overall 76.9-acre Project site exclusively for residential development. The 18-acre site consists of seven parcels (full or partial APNs 500-291-06, -07, -11, -12, and -25 and 500-312-03 and -10), which are primarily used as surface parking lots. The City is proposing a GPA to establish that higher density residential uses are allowed in the PCCB land use designation, when prescribed by either a Housing Overlay (HO) district or by a Specific Plan. The SPA would modify the ETSP to identify "High Density Residential" as a new residential density category available within the specific plan area and identify "High Density Residential" as an allowable use within the MU land use of the ETSP. This new High Density Residential designation would allow for the future development of up to 900 dwelling units on the Project site, consistent with the certified 2021-2029 Housing Element Update.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
