**Subject: I-110 ADAMS TERMINUS IMPROVEMENT PROJECT - PROJECT NAME CHANGE**

The project name for the I-110 High Occupancy Toll Lane Flyover Project has been changed to the I-110 Adams Terminus Improvement Project. This is due to the addition of a new arterial alternative being added to the project scope. The proposed project will now include analysis of two Build Alternatives; the Flyover Alternative and the Arterial Alternative, as well as the No-Build Alternative.
