Continuation Sheet:

The California Department of Transportation (Caltrans) in cooperation with the Los Angeles County Metropolitan Transportation Authority (Metro) proposes a terminus improvement project on the Northbound Interstate 110 between 30th Street and Figueroa Street Overcrossing in the City of Los Angeles. The initial project proposal, analyzed in a Mitigated Negative Declaration (MND) completed in April 24, 2018, outlined various alternatives, including the Build Alternative (Flyover Alternative) and the No-Build Alternative. Following public input and further evaluation of environmental impacts, the project development team has selected the No-Build Alternative.

This Notice of Determination has been prepared in conjunction with the Addendum to the MND completed on August 28, 2023.
