Project Description (Proposed actions, location, and/or consequences).

An application request for a Use Permit to allow a special events venue for up to 150 guests. Events will be held outside between the hours of 8am-11pm with no amplified music after 10pm. Food and drinks will be allowed; however, all food prep will be done off-site. The frequency of events is anticipated up to 20-25 times per year. For additional details, please see the Initial Study/Mitigated Negative Declaration.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The Mitigated Negative Declaration (MND) prepared for the proposed project identified potentially significant impacts related to the following environmental issue areas: Air Quality, Biological Resources; Cultural Resources; Tribal Cultural Resources; Geology and Soils; Hydrology and Water Quality; Noise; and Utilities and Service Systems.

The environmental issue areas in which the MND identified feasible mitigation measures to reduce the potentially significant impact to a less-than-significant level include the following: Air Quality, Biological Resources; Cultural Resources; Tribal Cultural Resources; Geology and Soils; Hydrology and Water Quality; Noise; and Utilities and Service Systems.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
