

# Notice of Exemption

## Trinity County Resource Conservation District

Post Office Box 1450 · 30 Horseshoe Lane · Weaverville, CA 96093-1450

<b>PROJECT TITLE</b>	Northern Trinity County Forest Resilience Partnership (3100601): Glennison Gap Area		
	Trinity County, California.		
<b>PROJECT LOCATION</b>	Glennison Gap: T33N R10W S2	<b>COUNTY</b>	Trinity
<b>LEAD AGENCY</b>	Trinity County Resource Conservation District (the District)		
<b>CONTACT</b>	Bethany Llewellyn, Program Manager <a href="mailto:bllewellyn@tcrd.net">bllewellyn@tcrd.net</a>	<b>PHONE</b>	530-623-6004
<b>ADDRESS</b>	P.O Box 1450, Weaverville, CA 96093		

### PROJECT DESCRIPTION

The Trinity County Resource Conservation District (the District) plans to implement fuels reduction and forest resilience treatments in the form of manual thinning and piling, mastication, and pile and broadcast burning in the Weaver Basin area in Trinity County, CA. This project is an integral part of the District's landscape strategy aimed at protecting Trinity County communities from future catastrophic wildfire events, returning the county's forests to a healthy condition, and reintroducing good fire to the landscape. Fuel Reduction treatments will be strategically implemented in overstocked stands in or near the WUI that will contribute to community protection based on topography and historical fire patterns. The project will be implemented on land managed by the Bureau of Land Management and includes treatments on approximately 20 acres over one year.

The prescription includes hand thinning, piling, and pile burning of small diameter (less than 10" DBH) conifers and shrubs. Emphasis will be placed on eliminating the continuity of surface and ladder fuels. Some sub canopy trees may be removed to break up vertical continuity to dominant trees as well as to raise the canopy base height, which will reduce future fire intensity. Cut materials will bucked and piled, or lopped and scattered, depending on topography and fuel conditions. These treatments will be followed with pile and/or broadcast burns to maintain or improve forest stand conditions.

### EXEMPTION STATUS

- Categorical Exemption Type/Section:
- Statutory Exemption (state code section): 4799.05(d)(1)
- Ministerial (§21080(b)(1); 15268)
- Declared Emergency (§21080(b)(3); 15269(a))
- Emergency Project (§21080(b)(4); 15269(b)(c))

### REASONS PROJECT IS EXEMPT

It has been determined that no exceptions apply which would preclude the use of a Notice of Exemption for this project. This project is consistent with the requirements stated in Senate Bill 901/California State Code section 4799.05(d)(1): It is a fuel reduction project intended to reduce the risk of high-severity wildfire, located on federal land, and covered by completed NEPA documents. NEPA compliance is under the "Weaverville Community Protection" Determination of NEPA Adequacy prepared by the Bureau of Land Management Redding Field Office.
