Project Name:

Emergency Culvert Repairs- 2024 Storm

Project Location:

There are two locations for this project. Site 1 is located on Lobitos Creek Cutoff, 0.4 miles from Verde Road, Half Moon Bay, CA. Site 2 is located at 540 El Granada Blvd, El Granada, CA.

Project Number: RM010

Responsible Unit: Roads

Description of Project:

At Project Site 1, the County owns and maintains a ditch relief culvert along Lobitos Creek Cutoff Road. Due to the recent rains, the pipe has separated in three locations, causing a sink hole to form at the pipe outlet. The project consists of trenching and replacing 17 linear feet of a 15-inch diameter, 30-foot long HDPE ditch relief culvert.

At Project Site 2, the County owns and maintains a ditch relief culvert along El Granada Blvd. The project consists of lining 20 feet of a corrugated metal ditch-relief culvert. The existing culvert has deteriorated and a sink hole has developed as a result. This poses an immediate threat to a nearby resident's foundation, especially due to the 2024 rains. By lining the pipe, excavation and ground disturbance is avoided.
