SUBJECT: Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.

State Clearinghouse Number (if submitted to State Clearinghouse):

Project Title: Lompoc Well 10 Project

Project Applicant: City of Lompoc

Project Location (include county): City of Lompoc, Santa Barbara County, California

Project Description:

The City of Lompoc is proposing the construction, development, testing, and operation of a municipal well to serve the city of Lompoc. The project includes the construction of associated site improvements, including a discharge line, sprinklers, and two small structures. Construction activities would occur within an approximately 0.76 acre work area. The well would have a minimum production objective of 300 acre-feet per year (AFY) and a maximum production value of 920 AFY. The purpose of the new well is to replace lost capacity at other City wells and would not increase the City's groundwater consumption.

This is to advise that the City of Lompoc has approved the above (Lead Agency or Responsible Agency)

described project on 2/7/24 and has made the following determinations regarding the above described project.

- 1. The project will not have a significant effect on the environment.
2. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was not adopted for this project.
6. Findings were not made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

100 Civic Center Dr. Lompoc Ca. 93436
