# MACARTHUR DRIVE RESURFACING 2024

## Project Description

### Project Location:

**MacArthur Drive:** Corral Hollow Creek to Linne Road. **See attached Vicinity Map.**

### Project Justification:

MacArthur Drive was constructed prior to 1955 (24' wide), and records indicate that the roadway was resurfaced with 0.35' AC overlay in 1972. For most of the north portion of the roadway to approximately 1,500' south of Linne Road, there is a 10' wide landscape strip (berm) and chain link fencing on the east side. In 2007, plain cement concrete (PCC) pavement was constructed in two locations, the southern 1' x 24' x 166' slab conforming 35' from the railroad tracks and the northern 1' x 24' x 230' conforming 85' from the railroad tracks. The road has periodically been chip sealed by Road Maintenance.

The existing roadway has extensive areas of complete and rutting throughout with areas of major cracking on the northbound lane due to loaded trucks leaving the quarries, concrete plant, and materials transfer station.

### Scope of Work:

The project will consist of:

1. Resurfacing existing roadway with 0.25' Hot Mix Asphalt (HMA). No paving fabric will be used.
2. Repairing all pavement structural failure areas with full depth 0.50' HMA.
3. Placing 6' wide shoulders on both sides: 2' at 8% and 4' to conform.
4. Applying Penetration Treatment at all intersection radii plus 50' or to conform.
5. Constructing HMA and frontages 8' in length from edge of pavement.
6. Placing new survey monument box to finish grade, as needed.

### Environmental Setting:

In these portions of the San Joaquin County, land usage is primarily **rural with single family homes.**

**There are many large trees adjacent to the project area.** Nesting and migratory birds, protected by the Migratory Bird Treaty Act, may nest within these trees. Furthermore, the Swainson's Hawk, a raptor species of concern within the State of California and listed as threatened may nest adjacent to or within the project area. A pre-construction survey for nesting Swainson's Hawks and other migratory birds is recommended if construction is scheduled to occur from February 15<sup>th</sup> to September 1<sup>st</sup>.

### Beneficiaries:

The public will see increased safety and fewer hazards with this well-maintained road. Overall, there will be reduced maintenance concerns and more reliability within the project area.

**NOTICE**

Each project applicant shall remit to the county clerk the environmental filing fee before or at the time of filing a Notice of Determination (Pub. Resources Code, § 21152; Fish & G. Code, § 711.4, subdivision (d); Cal. Code Regs., tit. 14, § 753.5). Without the appropriate fee, statutory or categorical exemption, or a valid No Effect Determination issued by the California Department of Fish and Wildlife (CDFW), the Notice of Determination is not operative, vested, or final, and shall not be accepted by the county clerk.

**COUNTY DOCUMENTARY HANDLING FEE**

The county clerk may charge a documentary handling fee of fifty dollars (\$50) per filing in addition to the environmental filing fee (Fish & G. Code, § 711.4, subd. (e); Cal. Code Regs., tit. 14, § 753.5, subd. (g)(1)). A county board of supervisors shall have the authority to increase or decrease the fee or charge, that is otherwise authorized to be levied by another provision of law, in the amount reasonably necessary to recover the cost of providing any product or service or the cost of enforcing any regulation for which the fee or charge is levied (Gov. Code, § 54985, subd. (a)).

**COLLECTION PROCEDURES FOR COUNTY GOVERNMENTS**

**Filing Notice of Determination (NOD):**

- Collect environmental filing fee or copy of previously issued cash receipt. *(Do not collect fee if project applicant presents a No Effect Determination signed by CDFW. An additional fee is required for each separate environmental document. An addendum is not considered a separate environmental document. Checks should be made payable to the county.)*
- Issue cash receipt to project applicant.
- Attach copy of cash receipt and, if applicable, previously issued cash receipt, to NOD.
- Mail filing fees for CRP document to CDFW prior to filing the NOD or equivalent final approval (Cal. Code Regs. Tit. 14, § 753.5 (b)(5)). The CRP should request receipt from CDFW to show proof of payment for filing the NOD or equivalent approval. Please mail payment to address below made attention to the Cash Receipts Unit of the Accounting Services Branch.

If the project applicant presents a **No Effect Determination** signed by CDFW, also:

- Attach No Effect Determination to NOD *(no environmental filing fee is due)*.

**Filing Notice of Exemption (NOE) (Statutorily or categorically exempt project (Cal. Code Regs., tit. 14, §§ 15260-15285, 15300-15333))**

- Issue cash receipt to project applicant.
- Attach copy of cash receipt to NOE *(no environmental filing fee is due)*.

**Within 30 days after the end of each month in which the environmental filing fees are collected**, each county shall summarize and record the amount collected on the monthly State of California Form No. CA25 (TC31) and remit the amount collected to the State Treasurer. Identify the remittance on Form No. CA25 as "Environmental Document Filing Fees" per Fish and Game Code section 711.4.

**The county clerk shall mail the following documents to CDFW on a monthly basis:**

- ✓ A photocopy of the monthly State of California Form No. CA25 (TC31)
- ✓ CDFW/ASB copies of all cash receipts (including all voided receipts)
- ✓ A copy of all CDFW No Effect Determinations filed in lieu of fee payment
- ✓ A copy of all NODs filed with the county during the preceding month
- ✓ A list of the name, address and telephone number of all project applicants for which an NOD has been filed. If this information is contained on the cash receipt filed with CDFW under California Code of Regulations, title 14, section 753.5, subdivision (e)(6), no additional information is required.

**DOCUMENT RETENTION**

The county shall retain two copies of the cash receipt (for lead agency and county clerk) and a copy of all documents described above for at least 12 months.

**RECEIPT NUMBER**

- # The first two digits automatically populate by making the appropriate selection in the County/State Agency of Filing drop down menu.
- # The next eight digits automatically populate when a date is entered.
- # The last three digits correspond with the sequential order of issuance for each calendar year. For example, the first receipt number issued on January 1 should end in 001. If a county issued 252 receipts for the year ending on December 31, the last receipt number should end in 252. CDFW recommends that counties and state agencies 1) save a local copy of this form, and 2) track receipt numbers on a spreadsheet tabbed by month to ensure accuracy.

**DO NOT COMBINE THE ENVIRONMENTAL FEES WITH THE STATE SHARE OF FISH AND WILDLIFE FEES.**
