**Location -- County:** Kern and Tulare Counties.

**Description of Activity:** The Agency will exchange up to 53,300 af in 2024 and 2025 of its SWP Table A water for KTWD's CVP water for the purpose of facilitating in-district delivery of KTWD's CVP water. **Exempt Status:**

- Statutory Exemption.** State code number: See CEQA Guidelines Section 15061(b)3.

CEQA Guideline Section 15301(b) provides that a lead agency may determine an activity to be exempt from CEQA in that it utilizes only existing facilities. This transfer involves delivery water entirely within the Agency's service area, and exclusively utilizes existing facilities. Additionally, CEQA Guideline Section 15061(b)3 provides that a Lead Agency may determine an activity to be exempt based on a general rule that CEQA applies only to projects that have a potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. The Agency finds that approval of the proposed water transfer has no possibility of significant effect on the environment for the following reasons:
