Project Description (Proposed actions, location, and/or consequences).

The proposed project is a programmatic General Plan planning document consisting of a land use map, and policy document consisting of goals, policies, and actions that will guide future development activities and City actions. No specific development projects are proposed as part of the General Plan Update.

See EIR Chapter 2.0 (Project Description), for additional project description details.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

An Initial Study has not been prepared. The Draft EIR analyzes all of the CEQA Appendix G topics. See Chapter ES, Executive Summary, for the significant and potentially significant impacts.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No know controversy.

All Comments received during the NOP comment period are included in Appendix A of the Draft EIR.

Provide a list of the responsible or trustee agencies for the project.

The Draft EIR will be used by the City of to take the following actions:

- Certification of the General Plan EIR;
- Adoption of required CEQA findings and Statement of Overriding Considerations for the above action;
- Approval of the General Plan Update.

No specific development projects are proposed as part of the General Plan Update. Subsequent projects and other actions to support implementation of the General Plan may require actions, including permits and approvals, by other public agencies.
