9.	Reason why project was exempt:		The project consists of the construction of a new 6,080 square foot office building on a 0.60-acre vacant site. The project site is located in an urbanized area with all necessary public services available to serve the site. The surrounding area is developed with urban uses and would not be considered environmentally sensitive. The project proposes one primary commercial building which does not exceed 10,000 square feet and the proposed office use will not involve significant amounts of hazardous substances. Through review of the project and project site, none of the exceptions in Section 15300.2 exist and the project may rely on the categorical exemption.
