Categorical Exemption. State type and class number (detail):

Section 15302 Replacement or reconstruction

Class 2 consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced, including but not limited to: (b) Replacement of a commercial structure with a new structure of substantially the same size, purpose, and capacity.

Reasons why project is exempt:

The scope of the Proposed Project includes the remove and replacement of playgrounds, basketball courts, volleyball courts and ball wall. As well as the installation of a new metal shade structure with on-ramp. The improvements will not present a new or expanded use of these facilities. Therefore, the project meets the CEQA state guidelines under section 15302.

Section 15303 New Construction or Conversion of Small Structures

Class 3 consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the surface including but not limited to: (e) Accessory (appurtenant) structures including garages, carports, patios, swimming pools, and fences.

Reasons why project is exempt:

The scope of the proposed project includes the installation of a new metal shade structure and concrete ramp with guard rails. The improvements will not present a new or expanded use of these facilities. Therefore, the project meets the CEQA state guidelines under section 15303.
