Present Land Use/Zoning/General Plan Designation:

All land uses/General Plan designations within City

Project Description: *(please use a separate page if necessary)*

The proposed Climate and Environmental Action Plan sets forth climate and environmental goals, policies, and implementation actions to protect the environment and address the challenges of climate change. Actions address the sectors responsible for climate change-related emissions - energy, buildings, transportation, solid waste, and water, and include measures to adapt, and increase resilience, to the impacts of climate change. The Plan reflects the community's current vision for Thousand Oaks and includes measures to implement environmental and climate-related policies contained in the City's recently adopted General Plan.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
