Project Title: LA-C-24-404514-ANN

Project Applicant: Lucky Family Brands Inc.

Project Location - Specific:
9310 N. Topanga Canyon Blvd. Los Angeles CA, 91311

Project Location - City: Los Angeles Project Location - County: Los Angeles

Description of Nature, Purpose and Beneficiaries of Project:
Applicant seeks annual licensure for Cultivation Processor, Manufacturing (Type 6) & Distribution (Type 11) commercial cannabis activities pursuant to Los Angeles Municipal Code (LAMC) section 104.06 et. al. The project location complies with the land-use provisions of LAMC section 105. et. al.

Name of Public Agency Approving Project: City of Los Angeles, Department of Cannabis Regulation

Name of Person or Agency Carrying Out Project: Lucky Family Brands Inc.

- Exempt Status: (check one):
[] Ministerial (Sec. 21080(b)(1); 15268);
[] Declared Emergency (Sec. 21080(b)(3); 15269(a));
[] Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
[X] Categorical Exemption. State type and section number: Section 15332 / Class 1 & Class 32
[] Statutory Exemptions. State code number:

Reasons why project is exempt:
Environmentally benign infill project consistent with the General Plan, Zoning requirements and consistent with the criteria for a Class 1 and Class 32 Categorical Exemption pursuant to CEQA Guidelines Section 15331 and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

CALIFORNIA ENVIRONMENTAL QUALITY ACT

NOTICE OF EXEMPTION

(PRC Section 21152; CEQA Guidelines Section 15062)

Pursuant to Public Resources Code § 21152(b) and CEQA Guidelines § 15062, the notice should be posted with the County Clerk by mailing the form and posting fee payment to the following address: Los Angeles County Clerk/Recorder, Environmental Notices, P.O. Box 1208, Norwalk, CA 90650. Pursuant to Public Resources Code § 21167 (d), the posting of this notice starts a 35-day statute of limitations on court challenges to reliance on an exemption for the project. Failure to file this notice as provided above, results in the statute of limitations being extended to 180 days.

TABLE OF CONTENTS

Project Analysis & ConclusionsA-1

- Project Summary
- Background
- CEQA Determination

Exhibits:

- A – Project Specific Information Form (LIC-4013-FORM) and Materials

PROJECT ANALYSIS & FINDINGS

Land Use/Zoning Designations:

Limited Manufacturing/MR1-1

Surrounding Land Use/Zoning Designations:

Limited Manufacturing/MR1-1; Low I Residential/RS1; and, Low Medium I Residential/RD5

Subject Property:

The subject site is a fully developed lot within the Chatsworth - Porter Ranch Community Plan Area. The lot is approximately 190 feet deep and a width of 300 feet along Prairie Street. The site is currently developed with a commercial office building, built in 1984, proposed to be maintained.

The site has a limited manufacturing land-use designation and is zoned MR1-1. The site is located within Council District 12, Chatsworth Neighborhood Council, the lot is flat and contains pre-existing building to be used by the Applicant.

Abutting Properties:

Abutting uses include automobile repair, pest control, and office supply uses within 200 feet of the site. The immediate area along Prairie Street is predominantly developed with limited manufacturing uses, zoned MR1-1. (See Exhibit A)

CEQA Findings

The Applicant is proposing a cannabis cultivation processor, manufacturing, and distribution operation to be located on an existing industrially zoned site (MR1-1 and [T][Q]P-1) at 9310 Topanga Canyon Boulevard, on the northeast corner of Topanga Canyon Boulevard and Prairie Street (Assessor's Parcel Number 2746-013-027). The Project-Specific Information (LIC-4013) Form submitted by the Applicant (on file with DCR), includes site diagrams and proposed floor plans, and states that existing structures will remain with no expansion proposed. Existing City sewer service is provided to the project site, and water and electricity are provided by the City of Los Angeles Department of Water and Power. Operations would be seven days per week from 5:00 a.m. to 10:00 p.m. Pre-application review has found the project to be consistent with planning and zoning. Further project site information is provided in the Project Parcel Profile Report from the City's Zone Information and Map Access System (ZIMAS) (Attachment A). Full compliance with applicable regulations for the proposed cannabis use are assumed in this analysis.

CEQA Guidelines, Section 15332, Class 1 and Class 32, consists of projects characterized as in-fill development meeting the following 5 conditions: (a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations; (b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses; (c)

Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality; and (e) The site can be adequately served by all required utilities and public services. These conditions are met as follows: The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with the applicable zoning designation and regulations for the requested commercial cannabis activities.

a) The site is comprised of one lot totaling approximately 59,997 gross square feet, zoned MR1-1 (limited manufacturing), and is currently developed with a 34,376 square-foot commercial office building originally constructed in 1984, and paved parking lots. No relief has been requested from any applicable provision or requirement of the Los Angeles Municipal Code.

b) The subject site is wholly within the City of Los Angeles, on an approximately 59,997 gross square foot property (i.e., less than five acres), and is substantially surrounded by urban uses. The surrounding area is zoned Limited Manufacturing/MR1-1; Low I Residential/RS1; and, Low Medium I Residential/RD5, and developed with a mix of commercial building, single family and multi-family dwellings along N. Topanga Canyon Blvd between Plummer Street (to the north) and Nordhoff Street (to the south), respectively.

c) The project site has no value as habitat for endangered, rare or threatened species. The project is located within an established, fully developed, neighborhood. The project site has no value as habitat for endangered, rare or threatened species. The project does not propose the removal of any trees on-site and/or within the adjacent public right-of-way.

d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

e) The site can be adequately served by all required utilities and public services. The project site will be adequately served by all required public utilities and services, given that the site is currently served by the City's Department of Water and Power, the City's Bureau of Sanitation, the Southern California (SoCal) Gas Company, the Los Angeles Police Department, the Los Angeles Fire Department, Los Angeles Unified School District, Los Angeles Public Library, and other public services. These utilities and public services have continuously served the neighborhood for more than 40 years. Compliance with Regulatory Compliance Measures as enforced through the Department of Building and Safety permitting process will ensure that any needed improvements are made in order to provide adequate delivery of utilities and services to the proposed project. Based on the facts herein, it can be found that the project meets the qualifications of the Class 1 and Class 32 Exemptions.

CEQA Section 15300.2: Exceptions to the Use of Categorical Exemptions. The City has further considered whether the proposed project is subject to any of the exceptions set forth in State CEQA Guidelines Section 15300.2, that would prohibit the use and reliance on the categorical exemptions. None of the exceptions are triggered. As the proposed project will result in no physical changes to the site, the project would not have physical impacts to the environment. As such, it would not have a combined impact with other projects in the area that would result in cumulative impacts. There are no unusual circumstances associated with the project, which is proposed in general plan designation and zoning classification that allow the proposed use. Although the site is within the Valley Circle Boulevard-Plummer Street Scenic Corridor Specific Plan as reported by ZIMAS, the project will not physically change the site or the existing structures. Therefore, the project would have no impact on scenic resources and comply with the Specific Plan. City ZIMAS records do not identify a historic building or district for the site, and the site is not on the lists that satisfy Government Code Section 65962.5, commonly referred to as the "Cortese List," as being affected by hazardous wastes or clean-up problems.

Based on the analysis above, the proposed project is consistent with the criteria for a Class 1 and Class 32 Categorical Exemption pursuant to CEQA Guidelines Section 15331 and does not require further analysis based on the exceptions in CEQA Guidelines Section 15300.2, and thus, DCR finds that no further CEQA analysis is required.

In conclusion, since the project meets all of the requirements for categorical exemption as set forth at CEQA Guidelines, Section 15332, and none of the applicable exceptions to the use of an exemption apply to the project, it is appropriate to determine this project is categorically exempt from the requirements of CEQA.

LIC-4013-FORM

Instructions: Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant or Licensee as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project.

Please provide detailed responses with as much information as possible. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

Categorical Exemption Evaluation Form

Instructions: Before the Department of Cannabis Regulation (DCR) can grant an Annual License, DCR must independently evaluate the document prepared for the project in compliance with the California Environmental Quality Act (CEQA), or documentation provided by the Applicant as evidence of exemption from CEQA. To conduct this evaluation, DCR must have a complete description of the proposed project that provides information about the project site, including existing conditions and facilities, proposed facilities and improvements, and the construction methods and operations practices of the proposed project. DCR can complete its review more quickly and efficiently when applicants provide as much of the information needed by DCR to complete an independent evaluation of the proposed project as is available.

Please provide detailed responses. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your Annual License Application.

Project Description: *Insert project description information or reference where this information is located.*

MANUFACTURING AND DISTRIBUTION.
No expansion, existing structure to remain

Categorical Exemption Evaluation Form

Class 1: Existing Facilities

1. Is the project site currently operating as a cannabis activity site or a similar use, or has it recently operated for this purpose? Yes No

Provide details of current or prior operation(s). Cite source(s) of information.

2. Does the project involve an expansion of existing structures that would be considered negligible or no expansion of existing or former use? (If no, skip to Question 6) Yes No

Provide expansion details, if applicable. Cite source(s) of information.

There is no expansion. Existing structure to remain.

3. Project Expansion: N/A
Size of expansion in square feet: N/A

Cite source(s) of information.

a. Would the expansion be less than or equal to 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to Question 6.) Yes No

Cite source(s) of information.

b. Would the expansion be more than 2,500 square feet or 50 percent of the floor area before expansion? (If yes, skip to Question 4.) Yes No

Cite source(s) of information.

c. Would the expansion be greater than 10,000 square feet? Yes No

Cite source(s) of information.

4. Is the project site served by all public services sufficient to serve the project (e.g., water, sewer, electricity, gas)? Yes No

Describe which public services serve the project site. Cite source(s) of information.

Water Service is provided by DWP
Power Service is provided by DWP
Site is connected to City sewer line.
Site is adequately serviced by these companies.

5. Is there evidence that the project site is located in an environmentally sensitive area? Yes No

Describe the environmentally sensitive area (if applicable). Cite source(s) of information, if available.

Site is not environmentally sensitive and there is no environmentally sensitive area within 1 mile radius of site.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) Yes No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

7. Does the project require demolition and removal of individual small structures (e.g., one single-family residence, a duplex or similar multifamily structure, a store, motel or restaurant or accessory structures)? Yes No

Describe size of structure to be demolished and location.

Categorical Exemption Evaluation Form

Class 2: Replacement or Reconstruction

1. Does the project involve the replacement or reconstruction of an existing structure on the same site as the structure being replaced or reconstructed? Yes No

Describe both the existing structure and replacement structure, including the location on the site. Cite source(s) of information.

There is no expansion. Existing structure to remain.

2. Would the new structure have substantially the same purpose and capacity as the existing structure? Yes No

Provide information on the purpose of both the existing and replacement structures to ensure they are the same. Cite source(s) of information.

There is no expansion. No new structure. Existing structure to remain.

3. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) Yes No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 3: New Construction or Conversion of Small Structures

1. Does the project involve the conversion of existing small structures including only minor modifications, or the installation of small equipment and facilities in small structures? Yes No

Provide information regarding the nature of modifications to existing small structures, if applicable. Cite source(s) of information.

There is no expansion. Existing structure to remain.

2. Does the project involve the construction of new small structures? Yes No

Provide information regarding the size and purpose of the proposed new structures, if applicable. Cite source(s) of information.

Please check instructions for directions on how to proceed, based on answers to Questions 1 and 2.

3. Is the project within an urbanized area? (If no, skip to Question 9.) Yes No

Cite source(s) of information.

FOR SITES IN URBANIZED AREAS

4. Does the project involve the construction of four or fewer structures totaling 10,000 square feet or less? Yes No

Provide information regarding size of new structure(s), if applicable. Cite source(s) of information.

5. Is the parcel zoned for the proposed use? Yes No

Cite source(s) of information.

6. Does the project involve the use of significant amounts of hazardous substances? Yes No

Provide details of any hazardous substances used including amount of product(s), if applicable. Cite source(s) of information.

7. Are all necessary public services and facilities available to the project? Yes No

List all services and facilities provided. Cite source(s) of information.

8. Do either the project site or the surrounding lands contain a sensitive environmental area? (If no, skip to Question 11.) Yes No

Provide information on the nature of any sensitive environmental areas. Cite source(s) of information, if available.

FOR SITES NOT IN URBANIZED AREAS

9. Does the project involve the construction of a single structure totaling 2,500 square feet or less? Yes No

Provide information regarding size of new structure, if applicable. Cite source(s) of information.

There is no expansion. Existing structure to remain.

10. Does the project involve the use of significant amounts of hazardous substances? Yes No

Provide list of any hazardous substances used, including amount of product(s), if applicable and available. Cite source(s) of information.

FOR ALL SITES

11. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) Yes No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 4: Minor Alterations to Land

1. Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)? Yes No

Provide details, if needed. Cite source(s) of information.

2. Does the project involve alterations to land, water, or vegetation that would be considered minor? Yes No

Provide details, if needed. Cite source(s) of information.

There is no expansion. Existing structure to remain.

3. Would the alterations consist of grading on lands of 10 percent slope or steeper? Yes No

Provide details, if needed. Cite source(s) of information.

4. Would the alterations consist of grading in an area determined to be a wetland? Yes No

Cite source(s) of information.

5. Would the alterations consist of grading in a scenic area officially designated by a federal, state, or local agency? Yes No

Provide name of scenic area (if applicable). Cite source(s) of information.

6. Would the alterations consist of grading in an officially mapped area of severe geologic hazard, such as an Alquist- Priolo Earthquake Fault Zone, or within an official Seismic Hazard Zone designated by the State Geologist? Yes No

Provide the name of the zone (if applicable). Cite source(s) of information.

7. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) Yes No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 11: Accessory Structures

1. Does the project include the construction or placement of accessory structures? Yes No

Describe new and/or replacement accessory structures. Cite source(s) of information.

There is no expansion. Existing structure to remain.

2. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) Yes No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Categorical Exemption Evaluation Form

Class 32: Infill Development Projects

1. Is the project consistent with the general plan designation, all applicable general plan policies, and zoning designation and regulations for the site? Yes No

Cite source(s) of information.

ZIMAS.LACITY.ORG
LADBS.ORG

2. Project Size and Location
a. Is the project site 5 acres in size or less? Yes No

Indicate the size of the project site, in acres. Cite source(s) of information.

Lot Size: 59,982 SF
Total Floor Area: 68,752 SF

- b. Is the project site substantially surrounded by urban uses? Yes No

Describe the uses of the surrounding properties. Cite source(s) of information.

Zimas. Metropolitan developed land with no natural characteristics.

3. Does the project site have value as habitat for endangered, rare, or threatened species? Yes No

Describe any habitat for endangered, rare, or threatened species identified on or near the project site (if applicable). Cite source(s) of information.

4. Would the project have significant impacts related to traffic, noise, air quality, or water quality? Yes No

Describe potential impact(s) and evidence (if applicable). Cite source(s) of information.

5. Can the project site be adequately served by all required utilities and public services? Yes No

Describe which utilities and public services serve the project site. Cite source(s) of information.

Los Angeles Department of Water and Power.

6. Does the project require a water right permit or another environmental permit that could result in physical changes to the environment? (If yes, see instructions.) Yes No

List permits required and any potential physical changes that could occur. Cite source(s) of information.

Exceptions to Exemptions

1. Scenic Highways

a. Is the project visible from an official State Scenic Highway? Yes No

List State Scenic Highway(s) from which the project is visible (if applicable).
Cite source(s) of information.

b. If yes, would the project result in damage to scenic resources? Yes No

Describe scenic resources and potential damage (if applicable). Cite source(s)
of information.

2. Is the project located on a site included on any list compiled pursuant to Government Code § 65962.5 (Cortese List)? Yes No

Describe the type of hazardous site (if applicable). Cite source(s) of information.

3. Would the project result in a substantial adverse change in the significance of a historical resource? Yes No

List the historic resource(s) potentially affected and describe the potential effects
(if applicable). Cite source(s) of information.

4. **Is there evidence of the potential for the project to contribute to a significant cumulative impact?**

Yes No

Describe the potential cumulative impact(s) and evidence (if applicable). Cite source(s) of information.

5. **Is there evidence of a reasonable possibility of a significant environmental impact due to unusual circumstances?**

Yes No

Describe the potential impact(s), circumstances, and evidence (if applicable). Cite source(s) of information.

6. **Would the project impact an environmental resource of hazardous or critical concern?**

Yes No

Provide details, if needed. Cite source(s) of information.

7. **Does the project involve the removal of healthy, mature, scenic trees (except for forestry and agricultural purposes)?**

Yes No

Provide details, if needed. Cite source(s) of information.

CEQA Exemption Petition

Class: 1 Category: EXISTING FACILITIES

Explanation of how the project fits the CEQA exemption indicated above:

Site is existing. No expansion, this is not a new structure.
Site is not an environmentally sensitive zone.
Site is serviced by city water, sewer and power
There are no natural waterways onsite

1. **Source(s) of Information: Identify Sources:** *Indicate the document(s) or other sources of information reviewed to complete this form.*

Zimas, and internal corporate documents and LADBS.org

2. **Project Location and Surrounding Land Use.**

- (a) **Describe Project Location:** *Provide detailed information about the project location and any other physical description that clearly indicates the project site location.*

Address: 9310 N TOPANGA CANYON BLVD., LA CA 91311
APN # 5191-024-011 / Cross street = Topanga Canyon Boulevard and Prairie Street

- (b) **Existing Land Uses/Zoning:** *Describe the current land uses on the project site and any existing buildings and structures. Describe the surrounding land uses and zoning designations within a one-half mile radius of the project and list all abutting land uses.*

Existing general plan and uses/zoning is limited industrial MR-1. Surrounding land uses and zoning designations are P (Automobile Parking Zone) / RS-1 (Suburban Zone) / A1 (Agriculture Zone) / OS (Open Space Zone) / C2 (Commercial Zone) / RD-3 (Restricted Density Multiple Dwelling Zone) / PF (Public Facilities Zone) CR-1 (Limited Commercial Zone). Abutting land uses are: (1) East abutting Hawx Pest Control (9301 Jordan Avenue #105) and JB Office Supply (9301 Jordan Avenue #106) (2) North and North East abutting - Chatsworth Mobile Truck Repair (9324 Topanga Canyon Blvd)

- (c) **Previous Use:** Describe the previous use of the Project site or facility, if known. Include an estimate of the time such previous operations ceased, if such information is available.

Offices

- (d) **Was the site previously used for a similar use?** The key consideration is whether the project involves negligible or no expansion of an existing use.

No.

- (e) **Maps to be Included:** *Provide a vicinity map and aerial image to show the project location. Include photographs, not larger than 8½ by 11 inches, of existing visual conditions as observed from publicly accessible vantage point(s).*

3. Project Operations/Description. Provide the following information about project operation and maintenance activities. If more than one type of cannabis activity is occurring on-site, provide a description of the project operations for each activity. This should include the following relevant information.

- (a) **Activities Occurring Onsite:** *Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises, including other proposed cannabis activities occurring on the property. Describe the cannabis business operation methods and activities (e.g. cultivation methods, manufacturing and/or distribution operations).*

Cannabis manufacturing and distribution operations.

- (b) **Cannabis Operation Activities Owned by the Same or Different Businesses:** *Describe any additional cannabis operation activities existing or proposed either owned by the same or different businesses on the property.*

None.

- (c) **Project Size:** *Quantify the project size (total floor area of the project), and the lot size on which the project is located, in square feet.*

Lot size is 59,982 SF
Total Floor Area is 68,752 SF

- (d) **State License:** *Identify whether the applicant is licensed by, or has applied for licensure from, the California Department of Cannabis Control to engage in commercial cannabis activity at the proposed premises.*

None

- (e) **Hours of Operation/Work Shifts:** *Identify the hours of operation/work shifts for the project.*

7 days per week

5 am to 10pm

There are two Work Shifts: 5am to 1:30pm, 1:30pm to 10pm

- (f) **Number of employees (total and by shift):** *Estimate the number of anticipated employees onsite and occupancy during operating hours.*

15 employees, Occupancy: 15 during operating hours

- (g) **Estimated Daily Trip Generation:** *Estimate the frequency of deliveries or shipments originating from and/or arriving to the project site. Identify the approximate number of vehicle trips per day to be generated by the project and information regarding the days and times most trips are expected to occur.*

Estimated frequency of deliveries or shipments to/from site: twice per week
Approximate number of vehicle trips: Twice per week
Days and times of most trips: Monday-Friday, between 8 a.m. and 8 p.m.

- (h) **Source(s) of Water:** *Name all sources of water, and indicate whether a new or amended water right must be obtained from the State Water Resources Control Board.*

Los Angeles Department of Water and Power.

- (i) **Wastewater Treatment Facilities:** *Describe the facilities for treatment of wastewater (e.g., leach field, City wastewater collection facilities).*

City Sewer line. No on-site treatment facility

4. Environmental Setting:

- (a) Describe natural characteristics on the project site:

Metropolitan developed land with no natural characteristics.

- (b) General Topographic Features (slopes and other features):

No slopes or other features.

- (c) Natural characteristics (general vegetation types, drainage, soil stability, habitat, etc.):

Paved over land with runoff drainage to City sewer line. No natural vegetation, soil or habitat. Property is landscaped with trees and shrubs along Taponga Canyon Blvd. and Prairie St.

- (d) Identify whether there are any watercourses and riparian habitats within 150- feet of the proposed premises (e.g., drainage swales, stream courses, springs, ponds, lakes, creeks, tributary of creeks, wetlands):

No natural and/or artificial waterway on-site.

- (e) Identify whether the property contains natural features of scenic value of rare or unique characteristics (e.g., rock outcroppings, mature trees):

None

- (f) Identify whether the property has any historic designations or archeological remains onsite:

None

- (g) Identify whether the property contains habitat for special status species:

None

- (h) Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any:

None

- (i) Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite:

There will be no increase in waste.

- ① Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resource:

No increase in power required
Site has existing power of 600 amp

5. Explain whether any of the project activities will expand the existing footprint of the proposed facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

None

6. **Environmental Commitments:** *List any environmental commitments agreed to by the applicant to the protection of biological or cultural resources, energy efficiency, water efficiency, noise abatement, lighting, or other aspects of the project that may reduce impacts on the environment.*

Has filtration systems installed to reduce any odor of cannabis.

7. **Other Relevant CEQA Information:** *Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).*

None.

8. Permits Required: *List all other required federal, state, and local permits required, including, but not limited to, all entitlements required for this project by a planning commission, local air district, or regional water board. Identify whether the commercial cannabis business(es) is licensed by or has applied for licensure from the Department, or one of the prior state cannabis licensing authorities:*

- California Department of Cannabis Control
- Los Angeles Fire Department
- Los Angeles Department of Building and Safety
- California Department of Fish and Wildlife
- State Water Resources Control Board / Regional Water Quality Control Board
- County of Los Angeles Public Health Permit
- Local Air District
- Streambed Alteration Agreement
- Water quality protection program
- Los Angeles Department of Water and Power
- Los Angeles Department of Public Works, Bureau of Sanitation

Partial List of Categorical Exemptions under CEQA

Certain commercial cannabis activities (projects) may be exempt from further environmental review pursuant to the California Environmental Quality Act (CEQA) because they fall within a class of projects determined not to have significant effect on the environment. (Cal. Code Regs., tit. 14, § 15300 et seq.) Common exemptions that may apply have been identified below.

Class	Category	Description
Class 1	Existing Facilities	Consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. (Cal. Code Regs., tit. 14, §15301.)
Class 2	Replacement or Reconstruction	Consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced with a new structure of substantially the same size, purpose, and capacity. (Cal. Code Regs., tit. 14, § 15302.)
Class 3	New Construction or Conversion of Small Structures	Consists of construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. (Cal. Code Regs., tit. 14, § 15303.)
Class 4	Minor Alterations to Land	Consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry and agricultural purposes. (Cal. Code Regs., tit. 14, § 15304.)
Class 11	Accessory Structures	Consists of construction, or placement of minor structures accessory to (appurtenant to) existing commercial, industrial, or institutional facilities. (Cal. Code Regs., tit. 14, § 15311.)
Class 32	In-Fill Development Projects	Consists of projects characterized as in-fill development meeting the conditions described in Cal. Code Regs., tit. 14, § 15332.
