Present Land Use/Zoning/General Plan Designation:

Zoning: Open Space - Recreation; General Plan: Parks and Open Space

Project Description: *(please use a separate page if necessary)*

The project would involve the construction and operation of Fire Station No. 2, featuring a 13,010-square foot fire station facility and a 54,106-square foot training area. The fire station would include office, living, and general operations rooms and a 3,048-square foot covered apparatus bay with drive through access for two bays. Training areas would consist of a 54,106-square foot area, and would potentially include a future planned 3 to 4-story training tower. In addition to the training area, site improvements would include a 2,300-square foot fire apparatus metal pre-engineered storage building, community and staff parking areas, internal driveways, sidewalks along the site frontage and throughout the site, patios, stormwater control, and landscaping. The project would involve subdivision of a parcel for the fire station and zoning as Public/Institutional. Construction would occur over approximately 13 months. Once operational, the fire station would house up to eight full-time firefighters and provide training facilities for both in-house and countywide activities.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
