PROJECT LOCATION (Street Address and Cross Streets and/or Attached Map) Map attached.

PROJECT DESCRIPTION: Additional page(s) attached.
A Preliminary Parcel Map for the subdivision of one (1) existing lot into two (2) lots on a site that totals 13,858.69 square feet. The project proposes to retain the existing 1,196-square foot single-family dwelling. Parcel A will consist of 5,000 square feet of lot area and the existing single-family dwelling will remain. Parcel B will consist of 7,823.32 square feet of lot area. No new construction is proposed. There are no Protected Trees on site. The project assumes a worst-case scenario of removing all street trees, in the event of changes to the right-of-way improvement plans after approval of the environmental clearance. However, this environmental analysis does not authorize the removal of any street trees without prior approval of Urban Forestry, in compliance with LAMC Sections 62.169 and 62.170 and their applicable findings.
