Present Land Use/Zoning/General Plan Designation:

General Plan Designation: Residential 3.5-7 DU/AC (dwelling units per acre). Zoning: Residential Single Family 7 (RSF 7)

Project Description: *(please use a separate page if necessary)*

The 1.99-acre project site is proposed to be subdivided into an 11-unit residential development. The development would consist of 11 single-family residential dwelling units, a private street, private common open space, and several retaining walls as high as 20 to 36 feet high on a steeply sloping lot. The project proposes three-story, single-family, residential structures at heights consistent with Dana Point Zoning Code provisions for lots containing slopes greater than 20 percent. The proposed project would also require approval of a Planned Residential Development Overlay District, which would allow deviations from various base development standards of the existing, underlying zoning district in which the site is located.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
