RE: SCH# 2024031142

Dear Mr. Sackett and Huntington:

The California Highway Patrol (CHP) Fort Tejon Area recently received a "Notice of Completion" of the environmental document for the proposed Centennial Project for State Clearing House (SCH) # 2024031142. After a thorough review, we have several concerns.

The proposed site development would include nearly 20,000 residential units, commercial and industrial development, and other public facilities. Specifically, this project will have an impact on local operations, traffic congestion, increased response times, enforcement, emergency services and service calls into the CHP Bakersfield Area Communications Center. There would be an additional concern for public safety, and delayed responses for emergency situations within CHP Fort Tejon Area's geographical area of unincorporated Kern and Los Angeles Counties.

Should you have any questions, please contact me or Sergeant Mike Karr at (661) 248-6655.

Sincerely,

A handwritten signature in blue ink that reads "P. P. Etchebarne".
