- Statutory Exemptions - State code number
- Common Sense Exemption (Section 15061(b)(3))

Reasons why the project is exempt:

The California Environmental Quality Act ("CEQA"), and its implementing regulations ("CEQA Guidelines") adopted by the Secretary of the California Natural Resources Agency, list classes of projects that have

been determined not to have a significant effect on the environment and as a result are exempt from further environmental review under CEQA. City staff completed a review of the project and potential environmental impacts associated with the project pursuant to CEQA and concluded that the project qualified for an exemption pursuant to CEQA Guidelines section 15301 (Existing Facilities).

The CEQA Guidelines include a list of classes of projects which have been determined not to have a significant effect on the environment and which shall, therefore, be exempt from the provisions of CEQA. CEQA Guidelines Section 15301 is a Class 1 exemption for existing facilities, and includes the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, mechanical equipment, or topographical features, involving negligible or no expansion of existing or former use. The improvements to these streets involve negligible expansion of the current use.
