Project Title: Mission Union School Water System Improvements Project

Project Applicant: Mission Union School District

Project Location (include county): Unincorporated Monterey County, near Soledad

Project Description:

The project involves demolition of an existing 225 gallon per minute well and installation of a new well at the Mission Union School District, located at 36825 Foothill Rd, Soledad, CA 93960. The proposed project would cover approximately 781 sf and includes a well, construction of a potable water storage tank, a water booster pump system, and a backup propane generator. Well installation would involve a well screen interval between 394 and 700 ft to reach groundwater not afflicted with nitrate contamination.

This is to advise that the Mission Union School District has approved the above (Lead Agency or Responsible Agency)

described project on 9/18/2024 and has made the following determinations regarding the above described project.

- 1. The project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:
