

**CITY OF FRESNO  
CATEGORICAL EXEMPTION  
ENVIRONMENTAL ASSESSMENT PW01013**

THE PROJECT DESCRIBED HEREIN IS DETERMINED TO BE CATEGORICALLY  
EXEMPT FROM THE PREPARATION OF ENVIRONMENTAL DOCUMENTS  
PURSUANT TO ARTICLE 19 OF THE STATE CEQA GUIDELINES.

**APPLICANT:** Capital Projects Department  
City of Fresno  
2600 Fresno Street  
Fresno, CA 93721

**PROJECT LOCATION:** The Intersection of North Granville Avenue and East Behymer Avenue in Fresno, California

**PROJECT DESCRIPTION:**

The City of Fresno Capital Projects Department proposes constructing chicanes, including new striping, and raised median islands to reduce the speed and flow of traffic as it approaches the existing 90-degree turn/intersection of North Granville Avenue and East Behymer Avenue. The chicanes will be implemented within the existing paved road all within the right-of-way and there would be no reduction or expansion of the existing number of travel lanes. The proposed median islands would include street trees.

**This project is exempt under Section 15301/Class 1 of the California Environmental Quality Act (CEQA) Guidelines.**

Staff has performed a preliminary environmental assessment of this project and determined that it falls within the Categorical Exemption set forth in CEQA Guidelines Section 15301/Class 1 which exempts reconstruction of existing facilities under certain conditions. Staff found that the conditions are met:

**Section 15301/Class 1** consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. The types of "existing facilities" itemized below are not intended to be all-inclusive of the types of projects which might fall within Class 1. The key consideration is whether the project involves negligible or no expansion of an existing use.

Specifically included in this class of exemption are:

(c) Existing highways and streets, sidewalks, gutters, bicycle and pedestrian trails, and similar facilities (this includes road grading for the purpose of public safety, and other alterations such as the addition of bicycle facilities, including but not limited to bicycle parking, bicycle-share facilities and bicycle lanes, transit improvements such as bus lanes, pedestrian crossings, street trees, and other similar alterations that do not create additional automobile lanes).

The proposed project will make improvements along the intersection of North Granville Avenue and East Behymer Avenue, resulting in alterations to the existing street through restriping and constructing chicanes and median islands to improve safety by reducing the speed of traffic without reducing or increasing roadway capacity. No additional traffic or associated traffic impacts will result from the proposed improvements. The project is consistent with the Fresno General Plan and complies with all conditions described in Section 15301/Class 1 of the California CEQA Guidelines.

None of the exceptions to Categorical Exemptions set forth in the CEQA Guidelines, Section 15300.2 apply to this project. Furthermore, the proposed project is not expected to have a significant effect on the environment. Accordingly, a categorical exemption, as noted above, has been prepared for the project.

Project Title: North Granville Avenue and East Behymer Avenue Improvements

Project Applicant: City of Fresno, Capital Projects Department

Project Location - Specific:

**Intersection of North Granville Avenue and East Behymer Avenue**

Project Location - City: Fresno Project Location - County: Fresno

Description of Nature, Purpose and Beneficiaries of Project:

The proposed project would reconfigure portions of North Granville Avenue and East Behymer Avenue, to include new road-level striping to create s-curve chicanes and raised median/islands to reduce the speed and flow of traffic as it approaches the existing 90-degree turn/intersection of North Granville Avenue and East Behymer Avenue. The chicanes and striping will be implemented within the existing paved road right-of-way, and there would be no reduction or expansion of the existing number of travel lanes. Larger medians/islands will include decorative street trees.

Name of Public Agency Approving Project: City of Fresno

Name of Person or Agency Carrying Out Project: Gustavo Rangel

Exempt Status: **(check one):**

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: 15301(c) Class 1, Existing Facilities
- Statutory Exemptions. State code number: 15282(j), Other Statutory Exemptions, Restriping of streets/highways

Reasons why project is exempt:

The use of the roadway (number of vehicles daily) would not increase with implementation of the safety improvements, but that traffic speed will decrease resulting in safer travel scenarios. Project involves the restriping of an existing street and implementation of raised medians Islands.

Lead Agency

Contact Person: Gustavo Rangel Area Code/Telephone/Extension: (559) 621-8634

**If filed by applicant:**

1. Attach certified document of exemption finding.
2. Has a Notice of Exemption been filed by the public agency approving the project? Yes No
