(Address) UNTIL May 20 2024

REGISTRAR - RECORDER/COUNTY CLERK

Project Title: Azusa 4.0 MG Water Tank Project

Project Applicant: City of Azusa

Project Location - Specific:

APN 8684-013-923

Project Location - City: Azusa

Project Location - County: Los Angeles

Description of Nature, Purpose and Beneficiaries of Project:

The City of Azusa proposes to demolish and remove an existing 2.5 MG water tank that has reached the end of its useful life and replace it with the construction of a new 4.0 MG concrete water tank on the Project Site, adjacent to the existing San Gabriel Canyon Spreading Ground basins near Sierra Madre Avenue and San Gabriel Canyon Road.

Name of Public Agency Approving Project: City of Azusa

Name of Person or Agency Carrying Out Project: City of Azusa

Exempt Status: (check one):

- Ministerial (Sec. 21080(b)(1); 15268);
Declared Emergency (Sec. 21080(b)(3); 15269(a));
Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
Categorical Exemption. State type and section number: Class 1 (15301), Class 2 (15302), Class 3 (15303), Class 4 (15304)
Statutory Exemptions. State code number:

Reasons why project is exempt:

The Project would include the replacement of deteriorated or damaged facilities to meet current standards of public health and safety, as the existing 2.5 MG South Tank has reached the end of its useful life. Implementation of the proposed Project would include the construction of the New Tank and removal of interfering portions of the existing water lines and installation of new piping to facilitate the New Tank's integration into the existing water system. While the Project would result in an increase in capacity, it is considered negligible and does not contribute to an overall intensification of the Project Site as the total number of tanks would remain the same. Upon completion of the Project the facility will function similarly to existing conditions.
