**Present Land Use/Zoning/General Plan Designation:**

General Industrial (IG)

**Project Description:** (please use a separate page if necessary)

Radius Recycling is proposing to construct three buildings (Buildings A, B, and C) to enclose existing storage and processing of nonferrous scrap materials (materials that do not contain iron) and other operations. In addition, a new conveyor would be constructed inside the proposed Building A to minimize the need for multiple handling of the nonferrous scrap materials. The buildings and conveyor would be constructed and operated at Radius Recycling's existing scrap metal and recovery facility near the Port in Oakland, California.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

**Reviewing Agencies Checklist**

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X". If you have already sent your document to the agency please denote that with an "S".
