

NOTICE OF EXEMPTION

To: Office of Planning and Research
P.O. Box 3044
Sacramento, CA 95812-3044

From: Sacramento Municipal Utility District
6201 S Street, MS B209
Sacramento, CA 95817-1899

County of Sacramento Clerk/
Recorder
P.O. Box 839
Sacramento, CA 95812 -0839

Lead Agency: Sacramento Municipal Utility District (SMUD)

Project Title: Galt Bank 2 Upgrade Project

Project Applicant: SMUD

Project Location: The project site is an existing substation located at 720 A Street in the city of Galt, California.

Project Description: The Galt Bank 2 Upgrade Project (Project) consists of replacing an aging 12.5-megavolt-ampere (MVA) transformer located adjacent to the western perimeter wall. A new upgraded 20-MVA transformer will be placed in the same location along with other associated infrastructure including switchgear, disconnect switches, one new pullbox, and lines and equipment required to interconnect with the existing 69kV/12kV system. The existing equipment will be removed from the substation. Surface excavation will be required for the removal and reconstruction of the new transformer and switchgear concrete foundation pad with a surrounding sub-grade oil containment area. The Project will also include modification and/or replacement of support infrastructure (i.e. switch pole, tap pole, pull box, conduit, grounding, etc.) to service the new transformer and switchgear.

Construction is expected to begin in October 2024 and be completed by June 2025.

Name of Public Agency Approving the Project: SMUD

Name of Person or Agency Carrying Out the Project: SMUD

Exempt Status (Check One)

- Ministerial (CEQA PRC Section 21080(b)(1); CEQA Guidelines Section 15268)
- Declared Emergency (CEQA PRC Section 21080(b)(3); CEQA Guidelines Section 15269(a))
- Emergency Project (CEQA PRC Section 21080(b)(4); CEQA Guidelines Section 15269(b)(c))
- Categorical Exemption (CEQA PRC Section 21080(b)(9), 21084; CEQA Guidelines Sections 15301 (Existing Facilities) and 15302 (Replacement or Reconstruction))
- Common Sense Exemption (CEQA Guidelines Section 15061(b)(3))
- Statutory Exemptions

Reasons Why Project is Exempt:

SMUD has reviewed and determined that the Project is categorically exempt from the provisions of CEQA pursuant to Sections 15301 (Existing Facilities) and 15302 (Replacement and Reconstruction). Section 15301 applies to projects that consists of the operation, repair, maintenance, permitting, leasing, licensing, or minor alternations of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination. Section 15302 states that "Class 2 consists of replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced..." Thus, the Project will involve the repair and minor alternation of an existing substation facility resulting in no change or expansion of use; and the replacement of an existing transformer in the same location and serving the same purpose and capacity. Therefore, no further environmental review is required.
