**Present Land Use/Zoning/General Plan Designation:**

Institutional (University of California-owned land, U.S. DOE-owned facilities)

**Project Description:** *(please use a separate page if necessary)*

The proposed 2025 LRDP would continue development and operation of 202-acre LBNL campus (LBNL is both a UC campus and a U.S. National Laboratory). Over 20 year period (2025-2045), built space would increase ~12% and campus population would increase ~40% over 2024 levels (population would actually decrease from pre-Covid levels). Land use patterns would not change. New development would be mostly in-fill, and mostly to replace seismically deficient lab/office buildings.

*Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.*
