Project Description: (please use a separate page if necessary)

Commercial Cannabis Use Permit (CCUP) for the construction and operation of a cannabis cultivation facility on a 10-acre parcel. The project would consist of 4,950 square feet (sf) of outdoor cannabis cultivation for the first year and an additional 1,500-sf of outdoor canopy would be added in the third year, for a total of 6,450-sf of outdoor mature canopy. Additionally, the project would include 955-sf of support area. This would include: one proposed compost area totaling 100-sf; one proposed immature plant area totaling 200-sf; and one existing, approximately 655-sf detached garage that would be repurposed to provide harvest drying and storage areas, cannabis waste storage, equipment and supplies storage, and chemical storage. The applicant proposes to install a polyethylene, 10,000-gallon water storage tank on-site to provide water for cultivation purposes and for fire suppression, if needed. Processing of the product would be done off-site.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with and "X".
If you have already sent your document to the agency please denote that with an "S".
