Caltrans proposes a Minor B project to remove debris, repair damage to rockfall fencing, and repair a concrete drainage ditch along a portion of southbound I-5 near the Mission Bay Dr. exit and overcrossing (PM 23.95). Work would include the removal of fallen debris, repairs to existing rockfall fencing, extending the fence by approximately 1600 linear feet with new chain link fencing, replacing the existing concrete drainage ditch in-kind, and applying a hydro-seed mix to the slope once construction is complete. Environmental Commitments for biological resources, visual resources, paleontological resources, hazardous materials, and NPDES are contained in the ECR.
