### Reasons why project is exempt:

Section 15304 Minor Alterations to Land (Class 4): The Class 4 Categorical Exemption consists of minor public or private alterations in the condition of land, water, and/or vegetation which do not involve removal of healthy, mature, scenic trees except for forestry or agricultural purposes and backfilling where the surface is restored. The Project involves removal and transport of contaminated sediment, as well as remediating the prior contaminated material removed from Channel Two of the Inner Harbor.

The Port has determined that none of the exceptions to the exemptions in the California Environmental Quality Act (CEQA) Guidelines Section 15300.2 foreclose the use of Categorical Exemption CEQA Guidelines Section 15304 (Minor Alterations to Land); therefore the Project is exempt from CEQA and no further environmental review is required.
