PROJECT DESCRIPTION

APPLICANT

Project Name Here:

This project involves removing a 216,000-gallon potable water storage tank and associated equipment and replacing it with a new bolted steel water storage tank. The newly installed tank will have an operational volume of 139,112 gallons and be equipped with appurtenances. This installation process includes three temporary polyethylene tanks, each with a capacity of 7,510 gallons, piping, and valves, excavation and backfilling, erosion and sedimentation control measures, tank foundation construction, removal of protection posts, and reinstalling electrical and transducer systems. Additionally, some miscellaneous piping spools and fittings will be involved in the installation process.

Project Location:

APN: 0580241160000
Terrace Drive, North of El Dorado Drive Valley, CA 92256

San Bernardino County

Area Code/Telephone Number

Exempt Status: (check one)

- Ministerial [Sec. 21080(B)(1); 15268];
 Declared Emergency [Sec. 21080(B)(3); 15269(a)];
 Emergency Project [Sec. 21080(B)(4); 15269(b)];
 Categorical Exemption:
Section 15302(c) Class 2: replacement or reconstruction of existing utility systems and facilities.
 Statutory Exemptions. (State code number):

Reasons why the project is exempt:

Section 15302(c) allows for the replacement or reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity. The CSA 70F Morongo Valley - Water Tank Replacement Project is a utility facility replacement project that would not result in any additional water service capacity. The proposed project would not result in significant cumulative impacts from projects of the same type in the same place over time, given that no such projects exist at/near the Site. Therefore, the proposed Project would not result in significant impacts or significant effects on the environment when viewed in connection with the effects of past, other current, or probable future projects.
