Present Land Use/Zoning/General Plan Designation:

Milpitas Metro Specific Plan designated as Business Park Research & Development, Limited Residential and zoned Commercial with a Transit Oriented Development Overlay

Project Description: (please use a separate page if necessary)

The applicant proposes a new Stratford School comprised of two buildings and a playfield. The existing office building on-site will be remodeled into a two-story middle school/high school for approximately 500 students. The Project would also demolish the existing surface parking lot to construct a new 7,883 square foot gymnasium building that would be located west of the remodeled existing building. The Project would be equipped with 41 classrooms (general/biochemistry/art/physical engineering), eight offices, four media common rooms, a library, and a theater. The proposed gymnasium building west of the school would be 42 feet in height and would mainly consist of an indoor gymnasium and a row of retractable bleachers on one side only.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
