**PROJECT TITLE: Eugene Street Construction Project**

Work Order#: ZD30104C Task Code #: Z1530

**PROJECT SPONSOR: County of Riverside Transportation Department**

**PROJECT LOCATION: Eugene Street from Highway 74 to 2,562 feet west (approximately 0.49 miles) of Theda Street in the community of Good Hope in Riverside County, California.**

**PROJECT DESCRIPTION: The County of Riverside Transportation Department is proposing to construct approximately 0.49 miles (2,562 feet) of Eugene Street from Highway 74 east to Theda Street. Eugene Street is currently a dirt road that varies in width approximately 26 feet. The proposed project will include grading, moisture conditioning the roadway, and paving with hot mix asphalt concrete.**

The proposed project will include the following:

- Removal/Trimming of Trees
- Remove rocks
- Removal of existing pavement
- Utility adjustments if needed
- Installation of new signs.

No additional right of way or temporary construction easements will be required to construct the proposed improvement. All improvements are to be done within the existing right of way.

**ENVIRONMENTAL ANALYSIS:**

This proposed project will be constructed by the County of Riverside Transportation Department, who is a permittee as defined by the Western Riverside County Multiple Species Habitat Conservation Plan (MSHCP).

This project is subject to compliance with the Western Riverside County MSHCP. In accordance with Section 7 of the Western Riverside County MSHCP, necessary operation and maintenance along existing roadways are considered a covered activity outside/inside of cell criteria

area/conservation areas. This project is considered to be operation and maintenance; therefore, it is a covered activity under the Western Riverside County MSHCP. These covered activities are subject to compliance with Appendix C – Best Management Practices of the WRCMSHCP.

If tree and/or vegetation removal takes place during the migratory bird breeding season (February 1 – September 1), a preconstruction nesting survey will be conducted pursuant to the Migratory Bird Treaty Act. The project lies within the MSHCP burrowing owl survey area and a habitat assessment will be conducted during the preconstruction nesting bird survey.

**The Riverside County Transportation Department has found that the above-described project is exempt from the provisions of the California Environmental Quality Act (CEQA), based on the following:**

**Section 15301 (c) – Existing Facilities** – The project proposes to construct approximately 2,562 feet of Eugene Street from Highway 74 to Theda Street. The project in its entirety is consistent with Categorical Exemption Section 15301(c) which exempts existing highways and streets, sidewalks, gutters, bicycle and pedestrian trail, and similar facilities (this includes road grading for the purpose of public safety). Furthermore, it does not create additional traffic lanes and involves no expansion of use of the existing roadway and associated facilities.
