

# Summary Form for Electronic Document Submittal

**Form F**

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Aleppo Pine Tree Removal and Replacement Project

Lead Agency: City of Burbank

Contact Name: Mike del Campo

Email: AleppoPineTreesMND@burbankca.gov Phone Number: 818.238.5300

Project Location: Burbank Los Angeles  
*City* *County*

Project Description (Proposed actions, location, and/or consequences).

The Aleppo Pine Tree Removal and Replacement Project (Project) would remove and replace approximately 122 Aleppo Pine trees in the City of Burbank that have been found to be at risk as a result of the Arborist Reports (Arborist Report prepared by RPW Services, Inc. on September 13, 2023 and Addendum to the Level 2 Risk Assessment 47 Aleppo Pines and 1 Italian Stone Pine prepared by WCA on January 29, 2024 and Addendum to the Level 2 Risk Assessment) analysis of the trees' health and risk of catastrophic failure. The Project would involve the removal and replacement of these trees ranging from removal within one to five years. Additionally, 49 Aleppo Pine trees and one Italian Stone Pine were already removed on an emergency basis in late 2023 and early 2024, and one Aleppo Pine tree failed during windy conditions in March 2024. This MND, conservatively analyzes the potential environmental impact of removing and replacing the trees that have already been removed and the remaining trees, for a total of 122 trees.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

Biological Resources: MM-BIO-1 Nesting Bird Avoidance. Project tree removal activities shall be conducted in compliance with the conditions set forth in the Migratory Bird Treaty Act and California Fish and Game Code to protect active bird/raptor nests.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Not applicable

Provide a list of the responsible or trustee agencies for the project.
