Project Title: Brian Welsh - Imperial RV Storage

Lead Agency: Imperial County Planning and Development Services

Contact Name: Derek Newland

Email: dereknewland@co.imperial.ca.us Phone Number: (442) 265-1736

Project Location: Brawley, CA Imperial
City *County*

Project Description (Proposed actions, location, and/or consequences).

The project proposes a recreational vehicle (RV) and off-road vehicle storage, maintenance, and repair business to be built in two potential phases. The property is divided by the Imperial Irrigation District's Osage Drain. The first phase of the project is the southern portion of the property south of the drain. The project will be required to grade and pave the project site. The proposed project will consist of covered and uncovered RV and off-road vehicle parking with onsite maintenance and repair services to be conducted in the existing structures onsite. There are 6 proposed dump stations for the emptying of RV waste tanks and an Onsite Waste Water Treatment System (OWTS) is proposed for the handling of this waste. The OWTS will be permitted through the California Regional Water Quality Control Board. There will be 3 to 5 employees depending on the season with the busy season expected to be between October to May. Office hours are proposed as 8 am – 5 pm with access hours for storage being 24 hours a day seven days a week. Security for the site will be done with fencing, lighting, gating, and a manager who will be residing in a proposed caretaker residence onsite.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed project could result in potentially significant impacts to the following resource areas: Aesthetics, Biological Resources and Noise. Mitigation would reduce all potential impacts from project implementation to less than significant.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.
