

Summary Form for Electronic Document Submittal**Form F**

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

Project Title: Arnold Drive Bike Lane ProjectLead Agency: County of SonomaContact Name: Chris SeppelerEmail: Chris.Seppeler@sonoma-county.org Phone Number: (707) 565-8353Project Location: Arnold Drive between Madrone Road and Country Club Drive Sonoma County
City *County*

Project Description (Proposed actions, location, and/or consequences).

The project would add Class II bike lanes to Arnold Drive between Madrone Road and Country Club Drive in unincorporated Sonoma County. The project is consistent with the Sonoma County Bicycle and Pedestrian Master Plan and would improve safety and mobility for nonmotorized transportation users. The project would include areas of road widening, reconstructed roadside drainages, stormwater culvert extensions, paving of new roadway sections, and new striping.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The CEQA Initial Study/Mitigated Negative Declaration includes mitigation measures for the following topics.

- MM AES-1: Tree Protection and Replacement along Arnold Drive
- MM AIR-1: Implement Air Quality Control Measures during Construction
- MM BIO-1: Protect California Red-legged Frog and Special Status Reptiles and Amphibians
- MM BIO-2: Protect Special Status, Migratory, and Nesting Birds
- MM BIO-3: Protect Special Status Fish, Crustacean, and Mollusk Species
- MM BIO-4: Protect Special Status Mammal Species
- MM BIO-5: Avoid / Minimize Permanent Impact to Riparian Habitat
- MM BIO-6: Revegetation of Riparian Habitat
- MM BIO-7: Best Management Practices to Protect Aquatic Resources
- MM CR-1: Protect Archaeological Resources and Tribal Cultural Resources if Encountered during Construction
- MM CR-2: Protect Human Remains if Encountered during Construction
- MM GEO-1: Protect Paleontological Resources if Encountered during Construction
- MM HAZ-1: Minimize Emergency Evacuation Impacts during Construction
- MM HAZ-2: Reduce Wildland Fire Hazards
- MM NOI-1: Reduce Construction Noise

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

Issues raised by agencies and the public include tree removals and storm water improvements.

Provide a list of the responsible or trustee agencies for the project.

The County of Sonoma is the lead agency for CEQA compliance. The State Water Resources Control Board, San Francisco Bay Regional Water Quality Control Board, California Department of Fish and Wildlife, United States Army Corps of Engineers, United States Fish and Wildlife Service, and National Marine Fisheries Service are potential responsible and trustee agencies for the project.
