Present Land Use/Zoning/General Plan Designation:

Not Applicable.

Project Description: (please use a separate page if necessary)

The proposed project would construct a new Engagement Center at the southeast corner of the South Coast REC to support existing programming. Overall, the Engagement Center would include approximately 13,750 square feet of building space, including a conference center, demonstration kitchen, classrooms, audio/video (AV) technical center, and ancillary uses. The construction of a new Engagement Center would also include a new access point at Modjeska and Still Night and internal roadway improvements to facilitate ingress/egress to the proposed development and through the South Coast REC. In addition to these improvements, the project would protect and enhance the existing agricultural research space.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".
If you have already sent your document to the agency please denote that with an "S".
