

Notice of Exemption

Appendix E

To: Office of Planning and Research
P.O. Box 3044, Room 113
Sacramento, CA 95812-3044

County Clerk

County of: Tulare

221 S. Mooney Blvd.

Visalia, CA 93291

From: (Public Agency): Tulare County Resource Conservation District
3530 W. Orchard Ct.
Visalia, CA 93277

(Address)

Project Title: Boyd Fuel Reduction

Project Applicant: Tulare County Resource Conservation District

Project Location - Specific:

State Route (SR) 245, between Pinehurst and Auckland, California

Project Location - City: Pinehurst/Auckland Project Location - County: Tulare

Description of Nature, Purpose and Beneficiaries of Project:

The Project would reduce fire fuels and improve clearances along SR 245, between Pinehurst and Auckland, in California. Hand crews would walk the Project alignment, remove low hanging branches, masticate or chip brush, and spread the mulch. The Project would enhance protections from emergency wildfires for the unincorporated communities of Badger, Mountain House, Sierra Glen, Pinehurst, and Miramonte. See attached CEQA Exemption Applicability Review for more details.

Name of Public Agency Approving Project: Tulare County Resource Conservation District

Name of Person or Agency Carrying Out Project: Tulare County Resource Conservation District

Exempt Status: **(check one):**

- Ministerial (Sec. 21080(b)(1); 15268);
- Declared Emergency (Sec. 21080(b)(3); 15269(a));
- Emergency Project (Sec. 21080(b)(4); 15269(b)(c));
- Categorical Exemption. State type and section number: _____
- Statutory Exemptions. State code number: 15269 Emergency Projects (C) Specific Actions Necessary to Prevent or Mitigate Emergency

Reasons why project is exempt:

The Project includes specific actions to prevent or mitigate an emergency. Wildfire is understood to be the type of sudden, unexpected occurrence, involving a clear and imminent danger, demanding immediate action to prevent or mitigate loss of, or damage to, life, health, property, or essential public services. (PRC 21060.3) Wildfire frequency and severity have increased throughout California in recent years, and fuel loads in the Project area are high and overdue for removal. According to the CPUC High Fire Threat District map, the Project area is designated High Fire Threat Tier 2. The Project would remove excess fuels (no tree removals, ground or structural disturbance) and create a critical fuel break to protect surrounding communities from emergency wildfires.
