Project Title: Sewer Maintenance Road Resurfacing at Bruce Road and State Route 32 (SR 32)

Project Location – General: Chico, Butte County, CA

Project Location - Specific: Northwest Corner of Bruce Road and SR 32

Description of Project: The proposed project consists of resurfacing an existing approximately 750-foot dirt access road with recycled base rock materials to facilitate all-weather access to the existing sanitary sewer line and siphon for maintenance activities. The upgraded road will be approximately 12 feet wide, with the short segment of the road widening to 18 feet. A steel drum roller will be used to compact the new road surface. The project is located entirely within a City easement located over private property.

Name of Public Agency Approving Project: City of Chico

Name of Person Carrying Out Project: Brendan Ottoboni – Director, Public Works - Engineering

Exempt Status: (Check One)

- Ministerial
- Declared Emergency (Sec. 21080(b)(3);15269(a);
- Emergency Project (Sec. 21080(b)(4);15269(b)(c);
- Categorical Exemption: Class 1, Section 15301 (Existing Facilities); Class 2, Section 15302 (Replacement or Reconstruction)
- Statutory Exemptions.

Reasons Why Project is Exempt: The project involves upgrading an existing access road. The project involves no increase in capacity and is located in an area that has been previously disturbed. There are no unusual circumstances leading to a reasonable possibility that significant environmental impacts will result from the project. A botanical survey was prepared for the easement area and adjacent area dated March 29, 2024, which concluded that no state or federally engaged species or plants were present within the survey area. Therefore, the City finds that the project is exempt from the California Environmental Quality Act (CEQA) in accordance with CEQA Guidelines Section 15301 and Section 15302 and none of the exceptions under CEQA Guidelines Section 15300.2 apply.
