Project Title: Permit 10477 Minor Change to add Borra Pump

Lead Agency: North San Joaquin Water Conservation District

Contact Name: Steve Schwabauer

Email: steve@nsjwcd.com

Phone Number: 209-329-0250

Project Location: Elliot Road and Mokelumne River (north of Lockeford)
City

San Joaquin County
County

Project Description (Proposed actions, location, and/or consequences).

North San Joaquin Water Conservation District has Permit 10477 to divert water from Mokelumne River. District asking State Water Resources Control Board to approve Minor Change to add existing Borra riparian river pump as authorized point of diversion for Permit 10477 to enable pump to be used to divert and deliver district water to adjacent non-riparian lands for irrigation in-lieu of pumping groundwater. Lands already under cultivation and irrigated with groundwater. Project uses existing facilities, no construction, will aid in groundwater recharge and management in subbasin.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

No environmental impacts identified.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

No areas of controversy. Project will improve groundwater conditions in subbasin.

Provide a list of the responsible or trustee agencies for the project.

State Water Resources Control Board
