Reasons why project is exempt: The proposed project qualifies for a Categorical Exemption from environmental proceedings under Section 15301, Existing Facilities, of the California Environmental Quality Act Guidelines. This exemption applies to the construction of a new wireless telecommunication facility, as it involves minor alterations to existing structures rather than the creation of entirely new facilities. Furthermore, the project will not result in any new adverse environmental impacts, as it will be carried out within the confines of an existing area that does not contain environmentally sensitive areas. Additionally, there will be no need for additional public services or facilities due to these modifications.

Additionally, there will be no need for additional public services or facilities due to these modifications.
