Project Title: Aspan Well Rehabilitation and Treatment Project

Project Applicant: City of Azusa

Project Location (include county): 220 N. Aspan Avenue, Azusa (Los Angeles County)

Project Description:

The proposed project consists of the rehabilitation of the Aspan Well which is currently inactive and has experienced deterioration of the well casing. As part of the rehabilitation, ALW will install a new well casing liner and will remove the existing welded steel tank and booster pump station. Currently 1,1-DCE is in excess of the maximum contaminant level (MCL), which requires the installation of a Liquid Phase Granular Activated Carbon (LGAC) treatment system.

This is to advise that the City of Azusa has approved the above (Lead Agency or Responsible Agency)

described project on 7-22-24 and has made the following determinations regarding the above described project.

- 1. The project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at:

213 E Foothill Boulevard, Azusa CA 91702
