PROJECT TITLE: Napa County Airport Land Use Combability Plan (ALUCP) Update

PROJECT LOCATION: American Canyon, Napa, unincorporated area

PROJECT LOCATION – CITY (NEAREST): AMERICAN CANYON AND Napa

PROJECT LOCATION - COUNTY: Napa

PROJECT DESCRIPTION: The ALUC is the body designated by State law to produce Airport Land Use Compatibility Plans in accordance with statutory guidance through a collaborative, community outreach process. The ALUC is responsible for adopting Airport Land Use Compatibility Plans for two public use airports in Napa County: Napa County Airport, and Angwin Airport (Parett Field). The Napa County ALUC comprises the five (5) Napa County Planning Commissioners and two (2) at-large members with aviation expertise, appointed by the Board of Supervisors.

The State of California mandated that each county create an ALUC with the authority to adopt ALUCPs in 1970. The Napa County ALUC was established in the 1970s (at that time consisting of the Planning Commission and Airport Advisory Committee). In April 1991 the ALUC adopted an ALUCP for the Napa County Airport and Angwin Airports; at that time there was also a glider port located in Calistoga which was included in the ALUCP, however, it is no longer in operation. With advances in technology, changes in airport operations and fleets, and revised guidance from the State, a revised ALUCP was adopted in December of 1999. The State recommends updating the ALUCP every 5-10 years; as such, staff have updated the ALUCP to conform with new standards based on the 2011 Caltrans Handbook.
